

# What to Bring

## WEATHER AND OUTFIT

While most days during the summer are warm it can be quite chilly during the early morning hours and evenings, especially when you first arrive in June. Therefore, it is necessary to bring warm clothes such as sweatshirts and light jackets as well as long pants for all occasions. Rain gear is also essential including boots for the muddy conditions after a rainstorm.

## BEDDING

American and Canadian staff members should bring bed sheets, blankets and a pillow. You should bring 2 – 3 good blankets. Counselors from overseas will be provided with bedding. Sleeping bags should not be used in the cabins as your primary bedding. Everyone needs to bring their own towels for showering and washing.

## PACKING GUIDE

All staff members will be given a staff shirt during orientation. Please be sure that all other outfits worn during your time 'on duty' at camp are solid colors (college logos or athletic logos are OK). Neither girls nor counselors are permitted to wear name-brand clothes with designs, prominent logos, or sayings to any regular camp activities. Mid-driffs shirts are not allowed. We have these rules regarding dress in place because we are trying to cut down on the clothing competition among the campers and be role models for our campers. Your co-operation as a role model in setting this standard is essential. **\*Note:** Counselors must always wear shoes, sneakers, sandals, or some-other proper foot covering while on camp grounds.

T-Shirts	Underwear	Bed sheets
Tanktops	Socks	Blankets
Shorts	Swim Suits (1 piece in	Pillow
Long-sleeve shirts	black or navy)	Toiletries
Jacket (i.e.: fleece)	Sweaters or Sweatshirts	Towels
Raincoat	Sweatpants	Flashlight
Pajamas	Shoes (tevas or sandals	Laundry Bag
Jeans	with a back)	Sunscreen
	Sneakers	Bug Spray
	Slippers	

It is also important for staff to bring items that pertain to their individual program. Softball counselors should bring their gloves, golfers their clubs, etc. Bring your own tennis racket as we do not allow staff to borrow equipment from campers. We do not want you in the position of borrowing a camper's expensive item and having it break. Please note that unfortunate past experiences have dictated that this must be a firm rule.

Specific questions about program areas can generally be summarized by stating that camp has most everything you need to run a program that we offer or that we ask you to run. If you have some unique equipment or paraphernalia that would enhance our program and you think it is unlikely that we would have this on hand, please feel free to bring these items with you to camp.

### **LAUNDRY**

We have laundry facilities in camp. Kippewa laundry service is done once per week in camp and clothing is returned the same day. Please do not send good clothes through the camp laundry service as they may be discolored when returned. You are welcome to do your own laundry at a local laundry mat on your night off.

### **NO VALUABLES TO CAMP**

We urge staff not to bring valuables or much cash to camp. Please use travelers checks. We cannot be responsible for articles such as watches, cameras, or radios that are left in camp buildings.
